Air-/ cost savings	54 %

Bazooka SV4020-LF adjustable, VA-nozzle SV4120 - 100,0N - female R3/4" BSP

SILVENT 4020-LF: a unique product with Laval nozzle that combines highly concentrated blowing force with an easily maneuverable valve construction and low sound level. Its blowing force of 100 N (353 oz) is twice that of the 4015-LF. The nozzle is made of stainless steel, making it suitable for use in practically any environment where extra high blowing force is required, e.g. the paper and manufacturing industries, steel mills etc. Features adjustable blowing force that is easily adjusted to any strength between 0 and 100 %. Fully complies with EU Machine Directive noise limitations and OSHA safety regulations. Patented.

Technical data

Item number	729500
Air consumption	532 Nm³/h
Sound	118 dB(A)
Blowing Power	100 N
Material	Stainless Steel
Air pattern	Laval
