Delrin pistole with laval nozzle

Delrin pistole with laval nozzle 8mm, SV1001

Delrin pistole with a stainless steel Laval nozzle. A Laval hole in the center of the nozzle creates a highly concentrated air stream. Around the Laval hole there are also a number of diverging slots that generate a powerful, quiet and laminar air flow. The combination provides superior cleaning performance and optimal utilization of the compressed air. Fins prevent direct contact between skin and the outlet holes. Blowing force 4.2 N (14.8 oz).

Technical data

Item number	722719
Air consumption	25 Nm³/h
Sound	83 dB(A)
Blowing Power	4.2 N
Material	Stainless Steel
Air pattern	Laval
